AI Season
News

A full golf season — not just another leaderboard

Titan Season turns every qualifying round into part of a year-long campaign. Players are placed into divisions, compete for promotion, battle relegation and build their total from their best 20 performances.

HOW IT WORKS

- Join the Season using a private 6-digit PIN.
- Titan places you into the right division.
- Play qualifying 18-hole Stableford rounds in a minimum 2-ball.
- A playing partner verifies the score.
- Only your best 20 rounds count.
- Climb the table, chase promotion and avoid relegation.

WHY IT STAYS INTERESTING

- Every new round has a target: beat your lowest counting score.
- One bad round does not ruin the year.
- Four Majors create big moments throughout the Season.
- Promotion and relegation give every part of the table meaning.
- Titan's existing AI News Engine reports the story of the Season.
- Your history follows you year after year.

EARN YOUR PLACE. KEEP YOUR PLACE.

The first Season uses handicap to place players into balanced divisions. After that, your league is earned on the course — handicap changes do not move you mid-season.

FIRST SEASON

Players are ranked by Handicap Index and placed into balanced divisions.

DURING THE SEASON

Your latest handicap is used for each new round, but you stay in the same division until the Season finishes.

NEXT SEASON

Top 3 go up. Bottom 3 go down. Existing players keep the division they have earned.

SIMPLE TO PLAY. ADDICTIVE TO CHASE.

Titan Season uses individual Stableford as the core format. It is familiar, handicap-friendly and keeps a round alive even after a bad hole. Titan then adds a small Season bonus layer for standout performance.

BIG MOMENTS

Four Majors. A season that tells its own story.

The Season is broken up by four Titan Majors. At the same time, every meaningful league event can feed the AI News Engine already built into Titan.

MAJOR RULE

- Play as many eligible rounds as you want during the Major window.
- Titan automatically applies the 1.5x multiplier to your best eligible Major round.
- All other rounds remain normal Season scores.
- Each Major also has its own winner and leaderboard.

AI NEWS — ALREADY BUILT IN

- New league leader.
- Player enters the promotion places.
- Player escapes relegation.
- New Best 20 score.
- Major winner.
- Promotion, relegation and Season champion confirmed.
- Season Mode supplies the verified facts. The existing Titan AI News Engine tells the story.
